

# Story Bones

*Every story has three bones: a Beginning, a Middle, and an End.*

**My story is called:** \_\_\_\_\_

## BEGINNING

*Skull bone - this is where we MEET the characters and setting.*

**Ask:** Who is in the story? Where does it happen? What is the situation?

---

---

---

---

---

## MIDDLE

*Ribcage bone - this is where the ACTION happens.*

**Ask:** What HAPPENS? Something starts. A problem appears. The story builds up.

---

---

---

---

---

## END

*Leg bones - this is where the story FINISHES UP.*

**Ask:** How does it FINISH? Was the problem solved? How did the character feel?
